The Distillery

We are an independent whisky distillery, ***the first in Việt Nam*** dedicated to making world-class (and award-winning) Single Malt Whiskies.

As a full artisanal distillery, we also make ***single grain whisky, good gins, right rums, and delicious liqueurs...*** a range of spirits based on the terroir of Việt Nam.

Our independence and our home in Việt Nam allow us ***a constant creativity***, which we pursue in all aspects of our work.

Yet above all else, what makes us who we are ***is our dedication to crafting world-class Single Malt Whiskies.***

Hà Nội is a place of brutal heat and extraordinary humidity that cycles through dismal winters and back again. ***Under our master distiller's discerning care***, these conditions forge whiskies of rich tropical fruits and caramels, with exceptional depth and balance.

We are making Việt Nam's first Single Malt Whiskies.

The unbearable makes us smooth.
